

# A summer retreat to renew your spirit

## Where Social Justice Meets Nature!

The World Fellowship Center offers a unique environment for a vacation (or bring your work, if need be!) to renew body, mind and spirit.

Founded in 1941 as an educational non-profit, this "camp with a social conscience" has a rich history of promoting peace, defending civil liberties, and ensuring that issues of justice and equity are part of the discussion as our society shapes itself for future generations.

We invite individuals, families and groups who are interested in promoting peace and justice through education and dialogue to share meals, join conversations, take hikes, dance, and be merry in the spectacular beauty of the White Mountains of New Hampshire.

Andy Davis and Andrea Walsh  
Co-Directors
