Enjoy the best of summer as you renew body, mind, and heart in the beautiful White Mountains of New Hampshire, within the Abenaki land known as N'Dakinna. Create, explore, meet people, learn about changing the world. Let us do the cooking with three delicious and healthy plant-based meals every day! Social justice programs, hikes and bike rides, body movement and Art on the Porch—all promoting justice and community-building grounded in nature. Founded in 1941 as a non-profit educational retreat center, this “camp with a social conscience” has a legacy of working to ensure love, justice, and equity for all as we carry forward the legacies of our ancestors and prepare the way for future generations.

WE OFFER

Daily Children's Program

A Message from Our New Co-Directors

We are so excited for Summer 2024 – our first full summer at World Fellowship. Building on the strong foundations laid by all the generations of previous directors and the 2023 Interim Management Committee, we are doing our best to ensure that World Fellowship carries forward the traditions that have grounded this special place/community for over 83+ years. Meanwhile, we are bringing in some new things – like paddleboards, rock climbing, and our Summer Social Justice Institute! – to stretch our bodies and open up new dimensions of our collective experience!

In preparation for this Summer 2024 season, we have worked with amazing WFC volunteer teams who help bring together our summer program, replete with diverse content tackling

our top community priorities from racial justice to the climate crisis, threats to democracy and attacks on human rights and collective security. Over the summer, we will also be taking regular opportunities to talk through some of the most challenging issues dividing the left and also to consider the past, present and future of World Fellowship as we step into our next chapter. Nature, music, creative expression, movement, hikes, and delicious plant-centered food will restore our bodies and souls while we experience a grounded and purposeful life in community.

We look forward to welcoming you this summer and building WFC together into the years to come!
